MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Response to the Inspector General's Report of
Survey of the Office of Finance

1. I have reviewed your response to the recommendations made by the Inspector General in his report of survey of the Office of Finance. It is an excellent response. I recognize that certain of the actions you are taking will not be completed soon, but I am confident that you will not permit any of them to fall by the way-side.

2. With respect to Recommendation No. 10, while I do not take exception to your nonconcurrence, I would like you to make sure that the data from the systems improvement studies on processing financial transactions and keeping financial records is examined for its relevance prior to the adoption of the completed Integrated Information Processing System. As the appropriate portion of these studies are completed, please provide me with status reports on your proposed actions to accomplish the recommended simplification of the Agency's mechanisms for financial administration.
